Notes

This recipe makes about 60 soft cream cheese sugar cookies, perfect for any baking occasion.

If you are planning on baking all 60 at once, use two cookie sheets.

When one batch of cookies is finished baking you can have another batch ready to go on the next tray.

Remember to wait for the cookie sheet to cool down before placing your dough.

Freeze any uneaten and unfrosted cookies in an airtight freezer container.

Label and freeze for up to three months.

When you are ready to decorate and eat, take out your cookies and decorate right away, no need to wait for them to thaw!

By the time you are done decorating they should be finished thawing and ready to serve.
