- Optional
- Crushed Oreos, chocolate shavings, sprinkles, ice cream, whipped cream

Instructions

1. Add all your ingredients to a blender.
2. Blend until smooth.
3. Pour into a cup.
4. Top off with whipped cream, chocolate sauce & more crushed Oreos (optional)
5. Serve immediately.

Notes

Customize it according to your own preferences.

Add extra sugar if desired.

If you've left out vanilla, I would definitely recommend adding some extra sugar.

Add a scoop of ice cream for a more indulgent result.

Add other types of cookies if you prefer.

Use decaf coffee if preferred.

To serve - pour into a cup and enjoy immediately. Letting it stand at room temperature will make it less appealing.

Drink it through a straw - it's much more enjoyable that way.
